**Definitions and Conditions**

1. Qualification for this rate schedule shall be determined by the customer’s use of the natural gas delivered thereunder and for crop irrigation. No minimum usage shall be required to qualify for transportation service under this rate schedule.
2. Company may base a bill on a customer’s normal meter reading cycle, but may issue that bill at the beginning of the next billing month. Although the bill may indicate a different period, it shall reflect actual information obtained from the regular-cycle meter reading.
3. Service under this rate schedule shall be terminated upon notification by the customer, but not before the next regular-cycle meter reading date.
4. The Delivery Charge may be reduced by Company to meet a competitive alternative to Company’s delivery service. The customer shall be required to sign a special agreement listing the reduced charge, term of service and other conditions of the service to be provided to the customer. Discounts shall be subject to the following conditions:
  - a. The rate reduction must be necessary to retain or obtain a customer who has a credible competitive alternative available.
  - b. The amount of the discount from the maximum approved tariff rate must be the least necessary to retain or obtain the customer.
  - c. Under the discounted rate, the customer must, at a minimum, cover all incremental costs of serving that customer, plus make a contribution to common fixed costs.
  - d. Company’s decision to enter into a discounted service agreement and the amount of the discount shall be subject to review at Company’s next rate case.
