## Safe Digging Is as Easy as 8-1-1

You bought the tree, you got your shovel . . . time to start planting, right? Not so fast! First, you have to contact 811.

You should contact 811 at least two full working days before the start of a digging project. This alerts owners of registered pipelines, telecommunication cables and power lines to mark their underground facilities – at no charge to you.

Be a Dig Hero by remembering to contact 811 before you dig!

Learn more about safe digging practices at [beadigherokansas.com](http://beadigherokansas.com).

## Need Help Paying Your Bill? Assistance Is Available

We know many Kansans continue to face increased costs across the board that could make paying their utility bills difficult. If you're experiencing financial hardship, we understand and are here to help. Financial assistance is available through a number of local community agencies.

Visit our [CARES page](#) for a listing of financial resources or contact us at **800-794-4780** so we can work together to find a solution.

## Keep Cool with These 5 Tips

The summer heat can put a strain on your appliances – and your wallet. Use these five tips to beat the heat and save money.

1. Run dryers, dishwashers and other large appliances at night.
2. Seal doors and windows to keep cool air in and warm air out.
3. Check all vents to ensure they're open and dust-free.
4. Switch to a low-flow showerhead and install a faucet aerator to reduce water and energy usage.
5. Save energy and money by upgrading to high-efficiency natural gas appliances.
